## Summary:-

---

Passionate Front-end and Mobile Developer with the experience of using React and React Native to build all aspects of the user experience and user interface for web app and mobile app.

## Skills:-

---

### Development:-

#### Programming Languages:-

- JavaScript (Node.js)
- TypeScript
- Familiarity with Python

#### Tools:-

- Git
- Npm
- Firebase
- GitLab / BitBucket
- Azure Devops
- Jira

#### Other Languages:-

- HTML
- CSS

#### Frameworks / Libraries:-

- React
- Next
- React Native
- Express
- Jest / React Testing Library
- Sass
- Bootstrap
- Chakra UI
- TailwindCss
- Styled-Components
- Redux - Redux Toolkit

# Experience:-

---

- **Frontend / React Native Developer - ASSET Technology Group.**

May 2024 - Present

**Responsibilities:-**

1. **Developing User Interfaces:** Building responsive and visually appealing user interfaces using React and Typescript.
2. **Implementing Designs:** Translating design mockups and wireframes into functional code.
3. **Debugging and Troubleshooting:** Identifying and fixing bugs or issues in the front-end code.
4. **Collaboration:** Working closely with back-end developers, designers, and other team members to integrate front-end components with back-end systems.

- **Frontend / React Native Developer - Beyond Apps Group.**

Jun 2021 - May 2024

**Responsibilities:-**

1. **User Interface Development:** Creating user interfaces using React.js and React Native frameworks to build web and mobile applications respectively.
2. **Component Development:** This includes creating modular components that can be easily integrated into different parts of the application.
3. **Performance Optimization:** This includes minimizing rendering and re-rendering, optimizing component life cycles, and implementing performance best practices to ensure fast and efficient application performance.
4. **Testing and Debugging:** Writing unit tests and performing debugging to identify and fix issues within the codebase.

- **Frontend Developer - Ostello AI.**

Mar 2021 - Jun 2021

**Responsibilities:-**

1. **User Interface Development:** This involves designing and implementing responsive layouts, navigation menus, and interactive elements that enhance the user experience for students, teachers, and administrators.
2. **Performance Optimization:** Optimizing the performance of the educational platform to ensure fast loading times and smooth user interactions. This includes minimizing file sizes, optimizing code, and leveraging caching techniques to enhance the overall user experience.

## Education:-

---

1. Bachelor's Degree in Business from Mansoura University.
2. Relevant Coursework: Computer Fundamentals, Web Development.

## Language Skills:-

---

1. **English:** Working Proficiency
2. **German:** Elementary Proficiency
